Mission Statement: It is our mission to be at the forefront of employing information technology systems to improve efficiency, measure performance, and deliver quality service.

COMPANY OVERVIEW

Since 1984, Government Contracting Resources, Inc. (GCR), has been a proven leader in providing outstanding, performance-oriented support services to Government and private organizations throughout the United States. GCR has successfully managed and completed more than 100 contracts with DoD, DISA, DHS, DOL, GSA, VA, and NASA valued at \$750 Million.

TECHNICAL SERVICES

We focus on providing the best possible solution in meeting our customers' requirements by providing services in the following areas:

- Base Operation Support (BOS) Services
- Facilities Engineering and Operation and Maintenance Services
- Custodial Services
- Vehicle and Equipment Operation and Maintenance
- Range Maintenance

QUALITY INNOVATION

At GCR, our commitment to compliance, safety, and quality management goes beyond a tagline. Over ten years ago we invested and developed our proprietary Quality Management System iMS to exceed the demands of our customer base and provide real-time analytics across our organization.

What Makes GCR Different

iMS Inspection & Improvement Management System

GCR's iMS system offers significant advantages by providing real-time visibility into the Quality Management System for both management and customers. It is specifically designed to monitor recurring or standing inspections, as well as work order inspections originating from Maximo or similar Computerized Maintenance Management Systems (CMMS).

Specialized Knowledge & Experience

- Predictive Maintenance Programs (PdM)
- Reliability-Centered Maintenance (RCM)
- Integrated Maintenance Programs (IMP)
- Infrastructure Condition Assessment Program (ICAP) Services
- Building Automation Systems (BAS)
- Computerized Maintenance Management Systems (CMMS)
- Data Center Infrastructure Management Support
